Division of Design and Construction

University of Alaska Fairbanks, P.O. Box 758160, Fairbanks, Alaska 99775-8160

March 29, 2019

To whom it may concern,

Please accept this letter of recommendation for Davis Constructors & Engineers, Inc. on behalf of myself and the University of Alaska Fairbanks Division of Design and Construction.. Davis recently completed the Life Sciences Research and Teaching Facility and the UAF Engineering Facility projects for the University of Alaska Fairbanks. The Life Sciences Facility project included 101,100 sf of new construction and totaled approximately \$69,541.00. The Engineering Facility project included 119,800 sf of new construction and totaled approximately \$91,000,000.

From the start of each project, all of the employees at Davis proved themselves to be honest, cooperative, and conscientious in all facets of their work. Their management personnel are responsive in supplying submittals, pricing, and other administrative documentation. This ability, coupled with their competence, has certainly benefited our projects in keeping them on schedule, on budget, and of the highest quality.

Davis has consistently demonstrated the capacity to meet our schedule by obtaining materials in a timely manner, supplying sufficient manpower, and obtaining necessary equipment. To our knowledge there have not been issues with any subcontractors, vendors or other suppliers to Davis on these projects.

I would highly recommend Davis Constructors & Engineers, Inc. for any general contracting project that you may have. The University of Alaska Fairbanks certainly intends to continue to use Davis on future projects. Please do not hesitate to call me if you would like any further information or have any question on this matter, I can be reached at 907-474-2627.

Sincerely,

A handwritten signature in blue ink, appearing to read "Cameron Wohlford", written over a blue horizontal line.

Cameron M. Wohlford, P.E.
