

# BUILDING HEALTHY KIDS *Toy Drive* JULY 8-22, 2019

Join forces with the design-build community in Alaska by donating to the 4th Annual Summer Toy Drive to benefit **The Children's Hospital at Providence**. Last year we raised nearly \$20,000 in toy and cash donations. With your help we can do even more in 2019!

The Children's Hospital provides support and resources to all families, including those who can't afford services. They serve thousands of children from every corner of our state. Your donation can make a big impact and help give these kids the **building blocks** for success!

## WHY BUILDING TOYS?

Studies have shown that building and design toys help develop valuable spatial skills and provide significant cognitive benefits for children of all levels and abilities. They also help inspire future generations of architects, engineers and contractors!

IN COOPERATION WITH

Support **HEALTHY KIDS** in our community and share your passion for design and construction!

## HOW CAN YOU HELP?

Here are 3 ways you can make a difference:

1. Donate a new, unwrapped, **building toy** at one of the many collection boxes located at architecture, engineering and construction firms near you.
2. Show your support with a monetary donation! Text the letters **BHK** to **41444** to get started.
3. Help spread the word by sharing information on social media and encouraging others in Alaska's design-build community to participate.

To find out more or request a donation box for your office, please call Architects Alaska at (907) 272-3567.

The Building Healthy Kids Toy Drive is sponsored by **Architects Alaska**. For more information or to arrange a donation pick-up please call us at: **(907) 272-3567** or email: [marketing@architects-alaska.com](mailto:marketing@architects-alaska.com)
